## **Hospital's Big Breakfast**

Specialist nurses at South Tyneside District Hospital are hoping people will take a breather and have a breakfast bite with them on **Wednesday, November 5th**.

The nurses in the Acute Respiratory Assessment Service (ARAS) are joining in the British Lung Foundation's fundraising Big Breakfast. With help from the local Breathe Easy support group, they will be selling tasty treats to patients, visitors and staff at a stall near the Cardiology outpatients department from 9.30am until lunchtime.

ARAS cares for people with Chronic Obstructive Pulmonary Disease (COPD) and other long-term conditions, including asthma.
